the detention project pdf

the detention project An exhaustive analysis of the U.S. detention system on a single night, 22 September 2012, concluded that 67 percent of detainees were held in facilities that were owned or operated by private prison corporations, and 90 percent of the beds in the 21 largest detention facilities were administered by private prison operators.

countries - Global Detention Project | Mapping immigration

the detention project Detention is the process whereby a state or private citizen lawfully holds a person by removing his or her freedom or liberty at that time. This can be due to (pending) criminal charges preferred against the individual pursuant to a prosecution or to protect a person or property. Being detained does not always result in being taken to a particular area (generally called a detention centre ...

Detention (imprisonment) - Wikipedia

the detention project A detention basin or retarding basin is an excavated area installed on, or adjacent to, tributaries of rivers, streams, lakes or bays to protect against flooding and, in some cases, downstream erosion by storing water for a limited period of time. These basins are also called "dry ponds", "holding ponds" or "dry detention basins" if no permanent pool of water exists.
