the deterioration of cane sugar in storage its causes and suggested measures for its control Sugar was the main crop produced on plantations throughout the Caribbean in the 18th, 19th, and 20th centuries. Most islands were covered with sugar cane fields, and mills for refining it. The main source of labor, until the abolition of chattel slavery, was enslaved Africans. After the abolition of slavery, indentured laborers from India, China, and Java migrated to the Caribbean to mostly work ...
