Motivation and Education: The Self-Determination Perspective

the determination to succeed Determination is a positive emotional feeling that involves persevering towards a difficult goal in spite of obstacles. Determination occurs prior to goal attainment and serves to motivate behavior that will help achieve one's goal. Empirical research suggests that people consider determination to be an emotion; in other words, determination is not just a cognitive state, but rather an ...

the determination to succeed You may be most familiar with the term "self-determination" in the context of foundational government documents and speeches from people long-dead. It's true that traditionally, self-determination has been more frequently used in a diplomatic and political context to describe the process a country undergoes to assert its independence.

What is the Self-Determination Theory of Motivation? [Incl

the determination to succeed The particular focus of How Children Succeed was the role that a group of factors often referred to as noncognitive or "soft" skills "qualities like perseverance, conscientiousness, self-control, and optimism" play in the challenges poor children face and the strategies that might help them succeed. These qualities, which are also sometimes called character strengths, have in recent ...
