the developing mind second edition how relationships and the brain interact to shape who we are First a little theory. Every barrel develops harmonic vibrations when a cartridge is fired, similar to a string being shaken. A gun barrel's vibration can be described as a 3-dimensional sine wave, or corkscrew movement and is caused when the bullet is accelerated into a rapid spin by the rifling.

the developing mind second edition how relationships and the brain interact to shape who we are Theory of mind is the ability to attribute mental states "beliefs, intents, desires, emotions, knowledge, etc." to oneself, and to others, and to understand that others have beliefs, desires, intentions, and perspectives that are different from one's own. Theory of mind is crucial for everyday human social interactions and is used when analyzing, judging, and inferring others' behaviors.
