the development of railway technology in east asia in comparative perspective The railway from Golmud to Lhasa was completed on 12 October 2005, and it opened to regular trial service on 1 July 2006. The locomotives are turbocharged to combat the power-reducing effect of having to run on about half an atmosphere of air due to extreme altitude.. At the beginning, only three trains ran: Beijing" Lhasa (every day), Chengdu/Chongqing" Lhasa (every other day), and Lanzhou ...
