Revised Concise Symbolic Play Scale (Westby, 2000)

the development of symbolic logic a critical historical study of the logical calculu
Symbolic interactionism is a sociological theory that develops from practical
considerations and alludes to people's particular utilization of dialect to make images
and normal implications, for deduction and correspondence with others. In other words,
it is a frame of reference to better understand how individuals interact with one
another to create symbolic worlds, and in return, how these ...
